

# MOON & STAR SQUIGGLE CROWN

6 star patterns

In addition to the moon and star patterns, you will need:

- \*crayons or markers
- \*strips of poster board about 2" wide and long enough to fit around a child's head
- \*Pipe cleaners: 1 per moon and each star
- \*Tape and/or stapler and scissors
- \*a pencil

Color and cut out the moon and the stars.

(You can also copy these patterns onto yellow paper)

Wrap the pipe cleaners around a pencil to make a squiggle. Attach each star and the moon to the crown, taping the pipe cleaner to the star or moon and the crown...so the moon and stars wiggle and squiggle!
